04.02. High Schools Vegan Lectures

What do I ask you to do if you obey God and Messenger of God? That is execution of the High Schools Vegan Preaching plan.

It is here: <http://robot-hosting.com/vegan>

This is a safe task. You do not need to take an AK47 and kill any one or burn Mac Donald. It is a task that helps preaching to receptive minds and converting them to non-murderer = Vegan. Therefore, they will be allowed to live. And it will give you some credits in the God's account as well. In addition, all animals will love you and birds will sing for you. So you become happy.

Leave the genocide of corpse eater demons to our army. For that, we do not need you. What was I doing in those long holidays? Where did I go for holiday? Before I tell you that story from outer space, I tell you something that happened a couple of days ago on the Earth.

04.03. Do not be among those who sell Short

Why do I tell you this? It is educational. If God wants, you will learn something reading about this event.

Picture 64 - (26/181) - (8/2-3) Moses, brings a new book from God

It is 01 Jan 2014 now. I have packed all of the individual files of this book to one file. It became over 100 megabytes. I had a plan to read it again and do several rounds of editing. I wanted to read it again and water down those places that I am offending people harshly. I wanted to try to fix the grammar a little better and so on. Then I thought. That is enough. This is book of God. Its language is much better than those King James nonsense grammar sentences and the translations of Torah that I am reading. If they get it, fine, if they do not get it, none of my business. I have done my Job. I will publish it this week. Then God called.

Moses, "Hello, I am typing."

God, "(26/181) "Fulfill your commitment of the deal. Do not be among those who sell short and try to cheat in the business contracts."

It was a bucket of cold water on fire of my laziness and haste. I became static. I sat the computer to stand-by and went for five hours sleep in the middle of the day. Do you know what does that mean? It means God is criticizing you. You are insane to want such a comment from God.

This is the detailed translation of 26/181 for above case:

We are giving you Miracle 1 and Miracle 2. Those Miracles were not in Our plans. Our plan was, you do your Warning and We bring the Judgment day and for that We do not need you. We bring the day as We said. Your warning is a bonus for you and perhaps some of these lost things will find their way. The day will come on time.

In your Covenant, you pushed these two clauses, (I want M1 and M2) and We agreed. As if, I can push any thing in a Covenant with God. God is kind and sometimes says these things as making fun of you to lighten the serious situation. For salary of what you are doing, We are assigning a large task force to be distracted from their own tasks and do those Miracles 1 and 2 for you. This is Our side of the Covenant. You spent 2.5 years on this book so far and now, near the end, you want to be lazy and close it carelessly. This means, I do give you the salary that We agreed (M1 and M2) and you do not deliver the Book as well as it should be. This means you are selling short. This means you are cheating. This means if you break your Covenant, We will break Our side too and you will not get your M1 and M2. This means you are dead and burned in hell and We make it so.

I slept five hours and after that, did one hour Prana until I recovered from that punch of **(26/181)** Then I said, fine, I edit it again and make it nicer. Then I typed five more chapters. This is the last one.

Today 03 Jan 2014, at 00:38 AM God called and gave me this, **(98/2)** was a good approval for the last five chapters. That means God is happy again with the book. I have also received this **(98/2)** two times before and archived them.

(98/2) You are Messenger from God, Reading perfectly the Clean and Cleansing book for people. This Book also contains Our Strongly Structured Book.

12.44. Animal Sanctuaries

These animals were released from the demons torture houses. They are millions. They do not have survival skills. They need armies of humans to plan for their life, food, health and happiness.

Lots of systems analysis, resource allocation, resource management and organizational management are required.

Goal is this: All animals that were in captivity will live a natural and happy life. Humans should provide their needs until their natural death.

No exploitations, no misuse or use of their wool, egg, milk or any thing else is allowed. They live as natural as they can and will contribute zero to humans' resources. Humans are more intelligent. They should plan, act and provide for animals as repentance and apology of previous generations who killed Pigs, Cows, Sheep, Chickens, Dogs, Cats, Fish, Dolphins, Whales, Seals ... and Ducks.

- Start planning
- CPM program
- Systems analysts
- Brain storming with at least 2 other Vegans
- White board
- Typing
- Delegation
- Create proper doable plans

12.45. High Schools Lectures

Goal of the plan is creating a large group of Vegans working in a team. Goal of the team is increasing number of Vegans and helping animals in any way they can. Team is self sufficient and self-reliant. Teams are from local geographical locations. People of every area of every city can form a team.

Team starts with one dedicated person. Plan is doable. Are you brave enough to follow these instructions and do it?

1. Go to this web site and familiarize yourself with the preaching resources that are there. Robot-Hosting.com/vegan
2. Go to the nearest high school, talk with the principle and tell them I want to make a half an hour lecture about **Kindness** and **Love for animals and people**.
3. They will accept. Make a plan, announce the day in the school a couple of weeks before, go there, and talk. I have put more than enough material in that web page for half an hour Vegan preaching talk. You are Vegan you know a lot too. Half an hour talk is easy.

4. At the end of the lecture, give away your cell phone number and a web site to kids to contact you if they want to know more and read more from the web page. You can use: internationalAnimalRights.com or Robot-Hosting.com/vegan Give them one web site and one phone number, in the handout.
5. You can put content of some of the slides in half a page and photocopy and give them some content to take home. Send the kids to some Vegan sites to learn more. Goal of first lecture is getting a couple of kids in your team and increase for a one-man band to a team of two or three.
6. Meet them. Make new plan for next lecture in next high school. Now you are not alone. You have a team. One of you talks and another one distributes a piece of paper with web site and phone number on it. If you are more, another one will take photos.

You will grow exponentially. Kids are receptive. They are motivated to follow path of Justice. In a short time, you have a team of 10-11 people after 3-4 lectures I predict.

Make meeting with your team and plan for next lectures and other activities. You can do what ever you can to help animals and increase number of Vegans. These are tasks of team members:

1. In charge of projector and slides
2. Making and distributing flyers
3. Speaker
4. Photographer brings a camera and records your lecture on digital camera
5. Compress the video and uploads it on youtube for more promotion
6. Web designer makes a new web site for your team and does internet marketing for the team to increase more members
7. Graphics designer makes posters, brings posters to the lectures, hangs them and collects them after lecture finished
8. Fundraising officer to raise funds for activities of your team to help animals
9. One person takes photographs of the lecture and people to put on facebook and your web site
10. Organizer, makes sure all members of the team appear in the meeting times and locations to discuss ideas and actions. Needs a phone, calendar, excel file and synchronizing with all. This person can use this tool, <http://Meetup.com>
11. In charge of making short questionnaires with three questions on paper and on the web, to receive feedback from your audience, creating, updating, modifying and enhancing the content, which is presented to audience. Stick with 20 minutes talk and ten minutes questions and answers. There are free questionnaire web sites, which can be used.

See, you have a large team now. It all starts with the first half an hour lecture in the nearest high school.

12.46. Why High School?

قُلِ ادْعُوا الَّذِينَ زَعَمْتُمْ مِّنْ دُونِ اللَّهِ
لَا يَمْلِكُونَ مِثْقَالَ ذَرَّةٍ فِي السَّمَاوَاتِ
وَلَا فِي الْأَرْضِ وَمَا لَهُمْ فِيهِمَا مِنْ
شِرْكٍ وَمَا لَهُ مِنْهُمْ مِنْ ظَهِيرٍ 34/22

Picture 160 - (34/22) - no one else is there to help you

This is 3 Feb 2014. Editing the book is finished and I am adding caption numbers for pictures. God said, “(34/22)” I add it here. **“Tell them, call any one that you think might help you, except than God, Any one lower than God. None of them owns even a small dust size of any thing in the Universes and the Earth. None of them has any partnership of ownership and ruler ship about any thing with God. And you cannot receive any help from them.”**

If you are coward, if you are shy, if you do not have self -confidence, if you are weak and want Power to do this project, to go to high schools and do your lectures, ask Power from God. Receive Power. Do it.

Kids are powerless. Adults are thick. Teens are open-minded and in critical state. Get them there. Keep them for life. That is why Mac-Satan-Donald, your largest enemy targets them. Learn from the enemy and convert his tactic against him.

Are you brave enough to follow these simple instructions and do it? Every corpse eater you convert to Vegan saves life of hundreds of animals. Read again this section. It is doable. It is easy. Start now.
